Principal's Message

Sinsheimer Families,

We want to hear from you! Sinsheimer, along with all district schools, will be asking for feedback from all of our school community stakeholders through the Youth Truth Survey. This includes all parents/guardians and staff along with students in grades 3rd-6th.

The anonymous Youth Truth Family Survey gives parents and guardians the opportunity to provide feedback for their child's school in areas like culture, engagement, relationships, communication & feedback, school safety, and resources.

In two weeks, our students will be administered the survey through their classroom teacher on a separate link.

The survey for families is open now through October 23rd. We ask that one parent from each household complete this survey. Staff and students have a different link that will be provided directly to them.

Please take 15-20 mins to complete the survey in order to support our school! The survey needs to be completed in one sitting and is administered in a number of languages. Find the drop down menu at the top of the landing page to select preferred language.

Your feedback is very much appreciated!
